

Assignment-2

Name: Anudeep Vattikuti

The screenshot shows a PostgreSQL query editor window titled "Query - postgres on postgres@localhost:5432 *". The window has a menu bar (File, Edit, Query, Favourites, Macros, View, Help) and a toolbar. The main area is the "SQL Editor" tab, which contains the query: `select * from customers`. To the right of the editor is a "Scratch pad" tab. Below the editor is the "Output pane", which has tabs for "Data Output", "Explain", "Messages", and "History". The "Data Output" tab is active, displaying a table with 6 rows and 4 columns: `cid` (character(4)), `name` (text), `city` (text), and `discount` (numeric(5,2)). The table contains the following data:

	cid	name	city	discount
	character(4)	text	text	numeric(5,2)
1	c001	Tipto	Dulc	10.00
2	c002	Basic	Dall	12.00
3	c003	Allie	Dall	8.00
4	c004	ACME	Dulc	8.00
5	c005	Weyla	Ache	0.00
6	c006	ACME	Kyot	0.00

At the bottom of the window, the status bar shows "OK", "Unix", "Ln 2, Col 1, Ch 25", "6 rows.", and "23 ms". The Windows taskbar at the very bottom shows the Start button and several application icons, including a file explorer, Google Chrome, a database client, and a messaging app. The system clock in the bottom right corner indicates the time is 7:28 PM on 2/4/2014.
